

IVAN ILIC
Tetra Pack

Ivan Ilic Tetra Pack is a Barcelona-based contemporary jazz quartet led by guitarist and composer Ivan Ilic. The group performs original music in which improvisation is at the core, combining strong melodic ideas with rhythmic interplay and an open, dynamic approach to arrangement.

Rooted in jazz but drawing naturally on elements of funk, rock and blues, Tetra Pack moves between structured compositions and spontaneous interaction. The music leaves space for each musician's individual voice while maintaining a clear collective identity.

Over the years, the project has appeared at festivals, concert halls and jazz venues in Spain and abroad, developing a live sound marked by energy, communication and freedom.

"A live performance full of personality, risk and energy."— Centre Cívic Navas, Barcelona

"The quality of the compositions is matched by the quality of the performances."
— Miguel Tuset, *Jazz Club de Nit / Ràdio Sant Vicenç*

"His guitar technique is unquestionable, yet intelligently measured, putting the composition, theme and the ensemble first."— Voja Pantić, *Politika*

20 es nada is the sixth album of original music by guitarist and composer Ivan Ilic and marks twenty years since his arrival in Barcelona.

Across eight original compositions, the album reflects different stages, places and musical experiences from those two decades, while remaining firmly rooted in the language of the Tetra Pack: contemporary jazz, strong melodic ideas, rhythmic interaction and improvisation at the core.

The music moves naturally between composed structures and open dialogue, drawing on elements of funk, rock and blues without losing its jazz identity.

Recorded in Barcelona with a quartet format, *20 es nada* represents both a look back at twenty years of music and the beginning of a new chapter for the project.
